

OKLAHOMA'S SENATORS IN OIL LEASE BATTLE

Spirited Contest Takes Place at
Session. Over Senator Owen's
Osage Resolution.

When Senator Owen of Oklahoma yesterday afternoon called up in the Senate his resolution requesting the Secretary of the Interior to extend existing oil leases on the Osage reservation in Oklahoma, Senator Gore, his colleague, renewed his fight against the resolution, begun the day before. The leases in question expire March 16, and the Owen resolution asks that the Secretary permit them to continue until after the Senate Indian affairs committee can make a thorough investigation and Congress has a further opportunity to act on the matter.

Senator Gore contended that this course would deprive the Indians of

many millions of dollars, to which they are entitled, and would give the present operators a privilege of inestimable value "without competition and without compensation."

He introduced two resolutions demanding a full investigation of the subject by the Indian affairs committee, including the net earnings of the operators, the total amount of oil produced and to whom sold.

Claims Millions Expended.

Senator Owen, on the other hand, declared that the operators had moral equities in the leases, that they had expended millions to develop the oil properties and that had they not expended these millions the Indians would not have paying oil properties now to lease. It is expected that another attempt to get action on the resolution will be made tomorrow.

Honor Given as Agent.

"Carroll, whose honor was given as the agent of the United States to stand

as guardian of the Indians permitted them to pay 14 per cent interest when they were forced to borrow money," he said, "and one of the partners of the money-grabbers was president of the bank which was the United States depository, and the other partner was the president of the only other bank in the city."

Between them they controlled all the money available for Indian loans, and between their two banks they had their partnership loan office, where the Indian was forced to go when they refused him money at the banks.

"Carroll made no move to prevent this."

EFFICIENCY BODY FORMED.

Richard B. Watrous of Washington
Made One of the Officers.

NEW YORK, March 11.—The National Institute of Efficiency, recently incorporated in the District of Columbia, was formally organized at a meeting here today. Its purpose is to "develop and promote the study and practice of efficiency in personal, business, corporate, educational and community relations. The officers elected were:

President, Dr. William B. Howland of New York; vice president, Alton B. Parker, secretary, Richard B. Watrous of Washington; treasurer, Herbert W. Rice of Providence.

CALLED MAN OF ENERGY.

SECRETARY BAKER EULOGIZED BY
HIS PREDECESSOR.

Just before his departure last evening for his home in New Jersey, former Secretary Garrison, who had been in conference with Secretary Baker for several hours during the day, expressed the following sentiments regarding his successor:

"Entering upon his duties under most trying circumstances, Secretary Baker has taken hold with a vigorous hand. Being a man of energy, courage and intelligence, he will undoubtedly fill the office with credit to himself and benefit to the country."

Frank L. Yearick Dies of Injuries.

Frank L. Yearick, forty years old, 810 New Jersey avenue northwest, who fell and fractured his skull as a result of the breaking of a cable at the new building of the Department of the Interior, while at work in the building yesterday afternoon, died at Emergency Hospital last night. It is understood that Coroner Nevitt will hold an inquest at the morgue tomorrow to determine the question of responsibility for the accident.

PRINCE JOACHIM TAKES BRIDE; KAISER NOT AT CEREMONY

Princess Marie Augustine of
Anhalt Wedded to German
Emperor's Fifth Son.

Marriage Rites Are Performed
in the Royal Castle of
Bellevue.

AMSTERDAM, March 11.—The marriage of Prince Joachim, the fifth son of Emperor William, and Princess Marie Augustine, daughter of Prince Edward of Anhalt, was celebrated today in the royal castle of Bellevue, according to a dispatch from Berlin. The marriage took place in the presence of the Empress of Germany, the Duke and Duchess of Anhalt and other relatives. Emperor William was not present.

The engagement of Prince Joachim and Princess Marie of Anhalt was officially announced October 14 last. Prince Joachim was twenty-five years old last December 15, and is a captain in the 14th Regiment of Hussars. He was the only unmarried child of the emperor. Princess Marie Augustine is the eldest of the four children of Prince Edward of Anhalt and was born June 10, 1898. She is a niece of the reigning duke, Frederick II of Anhalt.

Prince Joachim has been serving with the German army on the Russian front. Late in April, 1915, it was reported he had narrowly escaped capture by the Russians. Last August it was reported he would be made King of Poland. The father of the bride has been reported as fighting with the German army under the crown prince, brother of the bridegroom, in the Verdun region.

TEUTON ADVANCES IN VERDUN REGION TEMPORARILY HALT

(Continued from First Page.)

figures, military officers point out, with the fantastic accounts in some of the French and English newspapers of men being mowed down so thickly by machine gun and shrapnel fire that they had no room to fall and were left standing in shocks.

Capture of Fort Vaux.

Details of the attack on Fort Vaux, published here, show that the general attack began March 7. Heavy batteries which by then had tested the ranges kept the region of Douaumont under continuous heavy fire during the entire day, and after a period of intense gun fire an infantry attack was launched at 8 o'clock in the evening. Covered by a hail of shell which kept down the fire of the French batteries and infantry, German regiments pressed steadily forward until late in the night, when a brilliant storm gave them possession of Fort Vaux.

That the French later were able to eject the Germans from this position is declared here to be one of those incidents which always are to be expected in war without affecting the ultimate success of the operations.

Counterbalanced by Gains.

The loss here was counterbalanced by gains west of Douaumont village, where the Germans carried the projecting spur of Douaumont hill culminating in Ablain wood, the total front being about a mile.

Westward of the River Meuse the town of Bethincourt still is in French hands, but German newspapers declare that the advanced positions of Dead Man's Hill are in German hands. This elevation is 295 yards high and completely commands Bethincourt and all the roads leading southward.

Births Reported.

The following births have been reported to the health department in the last twenty-four hours:

Frederick L. and Josephine T. Vulte, boy.
William E. and Nellie Brown, boy.
Landra B. and Beatrice Platt, girl.
Harry R. and Veda E. Kohler, boy.

NEW YORK EXPORTS SOARING.

Big Increase Recorded, Despite Rail Shipments to Pacific.

NEW YORK, March 11.—Exports from the port of New York thus far this month average about \$55,000,000 weekly, as compared with \$53,000,000 in February and \$51,000,000 in January and December, according to statistics issued today by the foreign trade department of the National City Bank.

The increase is said to be remarkable in view of the fact that the scarcity of vessel space on the Atlantic coast has led many shippers to the orient to send their goods by rail to the Pacific for shipment from western ports. These shipments, while intended for export, are no longer included in the export statement of the port of New York.

Cycle and Motor Car Crash.

Ernest L. Mothershead, 1106 New York avenue, was slightly injured yesterday afternoon as a result of a collision between his motor cycle and an automobile owned and operated by Dr. Everett M. Ellison, at 6th and G streets northwest. Dr. Ellison took the injured man to the office of his family physician.

Tobacco Plant Fire Loss, \$100,000.

LOUISVILLE, Ky., March 11.—Fire that swept the tobacco rehandling plant of Dunkerson & Co., 1214 to 1222 Rowan street, here early today caused a combined loss estimated at \$100,000.

One-third of these \$247 pianos have been sold

(Copyright 1916. Newton Piano Co.)

TWO WEEKS AGO next Tuesday we opened this big Newton sale. TODAY — ONE-THIRD of these pianos (in round figures) have been sold. We told you then it was a most unusual sale and that the pianos would go quickly. This has been fully proved by the INSTANTANEOUS SUCCESS of the sale. The success of this sale was assured, however, from the very hour it opened—its success lying in the ONE FACT that the Newton pianos sold are worth a LOT MORE MONEY than they are selling for—that they are being offered on the **easiest sort of terms** and that the purchasers are given innumerable privileges and advantages which absolutely protect them.

The advantages you obtain through buying a Newton player-piano during this sale

WE WANT TO make these so plain that there cannot be the least chance for a misunderstanding. The first and most important advantage is, these player-pianos sell REGULARLY at five hundred and fifty dollars each. Our sale price is a uniform price of three hundred and ninety-seven dollars each.

NEXT—Player-pianos such as the Newton are usually sold upon payments of thirty-five to fifty dollars cash and fifteen to twenty dollars a month.

OUR sale terms are, **five dollars cash**, then only two dollars and twenty-five cents a week.

NEXT—The regular method of selling player-pianos does not include special privileges—other than giving the customer a player-bench and probably a few rolls of music.

Our sale plan not only includes a player-bench and ten rolls of music—your own selection—BUT—

1. An unconditional five-year guarantee—the same as on the piano.

2. Privilege of returning the instrument within thirty days and "GETTING YOUR MONEY BACK."

3. Privilege of exchanging, at full price, for any other player-piano of equal value, at any time within one year.

4. And the voluntary cancellation of all unpaid payments in the event of the purchaser.

Your piano or player-piano will be delivered immediately upon receipt of the five-dollar initial payment. Make your selection **at once** while the stock is complete and all styles are available.
